BOTTOM TIMES

By Mike Cunningham

Club President

Hello Channel Islands Divers,

Here we are in July, and with that we are in full swing campaign mood. And by full swing I don't mean debates or cross-country trips with speaking at any sort of rally. Best of all, you do not have all those TV ads we've come to look forward to. What I mean is we, the Channel Islands Divers, are in the middle of our own election season, and this is where I tell you, at the end of this fine Newsletter is where you will find the Board position description and that all important nomination form.

At our upcoming September 18th meeting is when we all gather to pencil in our X next to the name of your favorite candidate, for whatever office they seek, to set forth the next 12 months of leadership of Ventura County's Premier Dive Club. This year, like many in the past, will present more than a few open positions, and the need is real for them to be filled.

JULY 2024 NEWSLETTER

BOTTOM TIMES continued from Page 1

A nice turnover is good and wanted. The problem seems to be in that second part of the turnover equation. It's meant to work kind of like this, someone serving leaves, does not run again – still with me? – someone else joins, decides it's their time to serve. We don't see enough of that last part, heck, we don't see much more of the first part either. New blood is good, it brings a fresh set of eyes. You know, looking at the same thing yet seeing it differently. It's not that what we have has not been good, there's just something about 'new' that can be refreshing. It's like going to your favorite grocery store for years and then one day you can't find the stuff you want. They moved things around. They still have what you're looking for, now you have to find it again. You get to look around, see what else they have. It's new, again. Yeah, I hate that too, I know, bad analogy, stay with me, I'm trying to make a point here. We need to move our stuff around every now and then. New blood, new faces, new ideas on how to do the same old things and with a little luck, a bunch of new things as well.

A somewhat complete listing of the open positions will be presented at the July 17th meeting, over at Black Bear Diner in Ventura, right off the 101 at Seaward Ave. You know the place and you know the times, about 6 for some light socializing and at 6:30 we kick off the official meeting. It'll be a good meeting, one for the ages like they say. You'll want to be there. That, and the beer is cold and the food is not bad.

Summer is here and things are warming up. The diving has been spectacular. Flat seas out to the islands, 80ft. vis, 72° water temp at depth. I'm kidding, the diving was spectacular, that much is true. Some storms brought gale force conditions that had a few of our trips canceled. I'm sure that had a lot to do with the water being all mucked up with stuff floating about and, in some cases, bring the vis down to about 15ft or less. On Friday, June 14th, on the Spectre with a Ken Kollwitz-led CIDA limited load trip, we had 57° at depth. It still beat working. Skip ahead 2 weeks, again on the Spectre but this time not a limited load trip, meaning an almost full boat, Friday the 28th and it warmed up to a balmy 62.5° at depth. But we were diving, period. And the best part was neither one of those boat rides out was rough, although the air temp for the 14th was two layers under a hoodie with a beanie and on the ride back, I didn't need the hoodie. On the 28th, the sun came out and stayed making for a long sleeve t-shirt and shorts ride on the way back in. In between those Fridays,

Teresa and I joined others from the club on an Island Packers boat loaded with folks who went to see the whales. The problem was the whales never got the memo. But Island Packers came through for us and went up the back side of Santa Cruz all the way to Santa Rosa looking. The ocean was lake flat, and that boat was flying along, we made real good time both ways. Sunny, not windy and warm enough to be outside looking for the whales.

We did get to see a few whales, lots of dolphins and got pictures and videos of more than a couple of them. Even still, it was a good day to be out, and I think I can speak for the rest of us that went, it was a very good day out on the water. I think we left about 10am headed out, stopping a lot for dolphins until we got up to Santa Rosa and the whales. We stopped and circled around. Hung out and took pictures before repeating the whole thing again, several times. Then we headed back to Ventura. We made it back by 4:00 – 4:30 if I remember it right. When we were moving, we were really moving!

So, who wants to be on the Board? Show up and tell the crowd this third Wednesday of July, the 17th over at Black Bear Diner. Sounds like a good night for surprises not to mention it's the Progressive drawing night. That means don't forget your old loser tickets, it could be their night.

MEET CID CLUB MEMBER AND JULY SPEAKER JOE RAZO!

Presenting his experiences and tips for camping and exploring the Baja Peninsula

- Overland travel
- Hiking
- Kayaking
- Snorkeling
- Free-diving
- 4-wheel quad adventuring to distant off-road sites

Joe has had interests in the outdoors and the oceans from an early age. Surfing, camping, fishing, and free diving. Then as a certified scuba diver Joe increased his personal discoveries in the outdoors and underwater world.

Growing up in Santa Barbara, California allowed access to these recreational sites that would become passions. Initially in his diving experience, the focus was based around underwater hunting activities. As the diving adventures progressed, underwater photography became a skill to try to learn. The interest in underwater photography has led Joe to some amazing locations and people. The photo images are an excellent way to relive the experiences and share with others.

The beauty of the mountains and nature's wildlife led Joe to off-roading and 4-wheel drive activities to further enjoy and experience access to the wild places.

Joe received his basic NAUI certification in 1968. The interest in diving grew to include training in advanced courses including Nitrox, mixed gas blender, Trimix Technical Diver, CCR Rebreather Diver, wreck diver as well as Dive Master. The diving experience evolved to include for a period of time, beginning in 1977, working in the commercial oilfield diving industry in the Gulf of Mexico, based out of Freeport Texas. The commercial oilfield diver training included surface-supplied diving, mixed gas diving, diving bell operations, recompression chamber operations and saturation diving operations.

Joe has been a CID club member since early in the 2000's, he has also served as membership coordinator.

ENDLESS SUMMER

Report on our most recent Beach Dive

by Del Stewart

The May dive for CID took place at Silver Strand Beach, focusing on the la Jennelle site.

Typically, divers enter on the North end of the beach where the rocks meet the sandy shoreline. From there, the route extends west around a rocky point, then turns south before submerging. The estimated distance of this kick, as per Google Maps, suggests 356 meters, but I think it is more like the length of a football field (approximately 100 meters). Despite the considerable distance, many divers, including myself, have undertaken this route multiple times

This month, we opted for a different approach, exploring a shortcut by entering at the south end of the rocks on the West side of the harbor.

The preferred entry along the East side, adjacent to the harbor edge, is off-limits as it falls within naval property.

Overall, the dive was exceptional despite slightly murky visibility ranging from 5 to 10 feet. The marine biodiversity was impressive, highlighted by thriving kelp beds and encounters with large rock and sheep crabs, among other marine creatures.

After returning to shore, we decided to forgo the usual beach picnic and instead headed to Toppers Pizza, conveniently located just down the street.

CID's May beach dive at Silver Strand's la Jennele site offered challenging yet rewarding conditions, showcasing diverse marine life.

UPCOMING EVENT

Catalina Weekend, November 9-11, 2024

- We currently have 24 members going on the Catalina trip, and the club is staying at the Pavilion Hotel, but all rooms at the club's discount rates are SOLD OUT!
- The Pavilion Hotel has a limited number of rooms available at the general public rate, which is approximately \$117 more than the club's rates. Other hotels are available on the island, but they are selling out, too, so don't wait to make reservations at the Pavilion or another hotel.
- Currently, 13 club members have expressed an interest in a Sunday, 2-tank boat dive aboard the *Scuba Cat*. The club's discounted price is \$151 per person, so if you are interested in the boat dive, please let our dive coordinator know at: dive@channelislandsdivers.org (NOTE: Club members do not have to stay at the Pavilion Hotel to take advantage of the club's rate for the *Scuba Cat*.)
- Here is the general schedule for the Catalina Weekend:
 - Saturday, November 9 – Early morning, take *Catalina Express* from Long Beach to Avalon Harbor. (NOTE: Club members make their own reservation for *Catalina Express*.)
 - Saturday, November 9 – Late morning to early afternoon, explore the island on your own or dive with club members at Casino Point.
 - Saturday, November 9 – 6:30 PM, Potluck Dinner at the Pavilion Hotel. (Bring a dish to share or buy something on the island.)
 - Sunday, November 10 – 8:00 AM to 2:00 PM, boat dive aboard the *Scuba Cat*, or take a guided tour, go on a submarine ride, rent kayaks, hike to the botanical gardens, or go Zip Lining.
 - Monday, November 11 – 10:00 AM, Veteran's Day memorial service, and then enjoy the island on your own.
 - Monday, November 11 - Take *Catalina Express* back to Long Beach at a time of your own choosing.

ARTICLE VII: ELECTION OF BOARD OF DIRECTORS

- a) Nominations for officers shall be accepted at the June, July & August meetings. Announce elections, list board member positions and call for nominations in June, July & August Newsletters.
- b) Nominees for BOD positions shall be active members in good standing and 18 years of age or older. Nominees for president shall be members in good standing for a minimum of 1 year. As defined in Article III section d)
- c) The officers shall be elected at the September meeting for a period of one year.
- d) Newly elected officers shall assume the duties of their respective offices at the October BOD and general meetings.
- e) A majority vote of the members constituting a quorum is required to carry a ballot item.
- f) Officers shall be elected by written ballot.
- g) Ballots shall have a place for write ins.
- h) Ballots will be counted by volunteers appointed at the general meeting.
- i) The election results will be announced at the completion of the counting.
- j) All ballots shall be available for viewing at the BOD meeting following the September general meeting.
- k) If the president does not fulfill her/his term of office, the vice president shall automatically take this office. The new president shall appoint a new vice president and any other vacated positions with the approval of the BOD. All other vacancies shall be filled by presidential appointment.
- l) No board member may hold a specific board position for more than 4 consecutive election years. In the event a term limit is reached and at the time of the election no nominations for that position exist, the existing board member may run for said position for another election year. If no member runs for the position at the September meeting, the BOD may appoint a new member to the position with a majority vote of the BOD.

(The above is straight out of the Channel Islands Divers bylaws)

Loosely translated.....at this year's September 18th general meeting we'll have an election where you the people, the Channel Islands Divers membership, will decide just who you want running this show.

It's never too late to get involved. Just fill out a nomination form found on the tables at the general meetings or at the end of this digital Newsletter and your name will find its way inked in on the ballot. Or you can wait until the September meeting and announce your intentions to run as a write in. It's all good.

It's a lot more fun than we let on and only as hard as your willing to make it. So instead of waiting around for something to happen, with your help and involvement you can be there making sure everything goes off flawlessly. Be unique, join the crowd and proudly tell others you now serve on the

Board of Directors of Ventura's Premier Dive Club,

The Channel Islands Divers

It's not as if you'll have to stand up in front of crowded room full of people and speak.....

BOARD MEMBER POSITION

PRESIDENT: Develops agendas and conducts the general and board meetings. Offers assistance to board members unable to fulfill their positions and acts as liaison between the club and its sponsors. Sets up the audio equipment for the general meeting. Writes the monthly "Bottom Times" column for the newsletter and co-signs checks issued by the treasurer. Approximate time it takes to complete duties: 8 - 10 hours per month.

VICE PRESIDENT/SPEAKER SEEKER: Finds speakers for the general meetings. Sets up the video/computer connections as necessary. Introduces the speaker at the meetings and helps the speaker with any set-up. Provides the newsletter editor and web master a bio or other material about the speaker to be put into the newsletter and posted to the website. Conducts general and board meetings when the president is unable to. Approximate time it takes to complete duties: 1 - 3 hours of creative thinking and networking per month.

SECRETARY: Takes minutes of board meetings including any motions passed or proposed. Records the names of guest speakers and any other details of significance at the general meetings and distributes minutes at or before the monthly board meeting. Provides the newsletter editor any major developments from the minutes for the newsletter. Prepares any other club correspondence as necessary. Also, responsible for the storing, inventory, and selling of club tee shirts. Approximate time it takes to complete duties: 3 - 4 hours per month.

Channel Islands Dive Club Annual Photo Contest

2024 Rules for Entry

For 2024 ONLY. You may submit photos from ALL of 2023 AND 2024 for this year ONLY.

The 2024 Photo and Video Contest is open to all current CID members. Membership must be in good standing at the time you submit your entries and receive a reward. Entries will be evaluated by an independent, non-club member judge appointed by the CID Board. The entries will be anonymous to the judge.

Photos and videos will be evaluated on the following criteria:

THEME - How well the photo/video relates to scuba diving

TECHNICAL MERIT - Quality of composition, lighting, contrast, focus, etc.

ARTISTIC MERIT - Visual interest, emotional connection, etc.

Prizes for First and Second place will be awarded for each category. Each member may submit only **TWO** entries per category. However, each member will be limited to one prize per category. In the event the judge selects **TWO** entries by the same person as the winner for a category, a runner-up will be chosen by the judge for the second place prize.

Contest Categories:

By definition, a **CLOSE UP** is NOT the same as a **MACRO**.

Underwater Macro Photo: A true macro shot depends on the level of magnification., essentially it means that you must take pictures where your subject is the same size as your camera sensor or smaller, and it fills the frame. If your camera sensor is one inch wide, you would be photographing something 1 inch or smaller. For this category the macro shot must underwater.

A macro picture not taken underwater can be entered into the topside photo category if it is diving related NOT just beach related.

Topside Photo - can be a wide angle or a **MACRO** but taken above the water. The subject of the photo must be diving related NOT just beach related.

Underwater Wide Angel Photo: Is anything below the surface but not a **MACRO**.

Novice: For all non-winners in the past. A **NOVICE** can submit any, **MACRO**, **WIDE ANGLE** or **TOPSIDE** into the **NOVICE** category.

Underwater Video: The total length of each submission must not exceed 60 seconds and must be a single, unedited clip. No special effects or titles may be added.

ENTRY FORMAT: Photos in a JPEG Format and Videos in MP4 Format.

DEADLINE: All photo and video entries along with an entry form and release must be submitted to CID's President, Mike Cunningham, by the club's **General Meeting on October 23, 2024.**

You may email to president@channelislandsdivers.org or give to Mike Cunningham on a DVD-Rom or USB Flashdrive. Please make sure your name is clearly printed on the media. Media will be returned to you if you wish at a future club meeting. However, the CID Club cannot be responsible for lost items, so please keep a copy for yourself!
